Cahokia/Dead Creek

Dear Mr. Dunn:

Thank you for your recent letter describing actions relative to the clean up of the Dead Creek area in Cahokia.

This project is long overdue for attention. Governor James Thompson promised me, on his last visit to Cahokia, that this area would have high priority rating through the CLEAN ILLINOIS program.

Please keep me informed of any future activities your office has for this project.

Sincerely,

Michael King  
Mayor of Cahokia
